## News

The Fund acquired its first investment in Great Britain with the purchase of the office building 85 Fleet Street. A further development was secured in the Netherlands at the end of the reporting month. The investment volume for the 12.622 m<sup>2</sup> office building in Houton is 38 Million Euros and will be complete at the beginning of 2009. It is leased long term to a wholly owned subsidiary of the Dutch telecommunication firm KPN. Details on both investments are contained on the web page.

The regular re-appraisals of the assets Karlstraße in Frankfurt and Pfäffikon near Zurich did not significantly change their values.

The BVI performance will tend to be lower in the coming months due to a decrease in the 12 months average value.
