Performance (BVI method) from June 1st, 2005 up to August 31st, 2008

1) The TER is calculated by dividing the total costs of the fund by the fund's average net asset value within the financial year and is denoted as a percentage as of September 30, 2007. Total costs include asset management fees, depository bank fees and other expenses pursuant to § 13 Abs. 5 BVB and exclude transaction costs.

2) Fees to be paid by the Fund to the investment company and to the depository bank.

The information in this fact sheet was compiled diligently and to the best of our knowledge. However, no liability is accepted for errors or omissions. The official sales prospectus and the annual report are the only legally binding documents for the purchase of fund units. The performance was calculated based on the repurchase price and the re-investment of distributions. Previous performance is no guarantee for future performance. All calculations were done in Euro. Please note this brochure is only for advertising purposes.
